Claudlands, Hamilton, 9 – 11 May 2024

REGISTRATION NOW OPEN

WELCOME

Dear Colleagues,

It is our pleasure to welcome you to Kirikiriroa for the 2024 HSNZ annual branch meeting.

We have a fantastic line up of leading international and local experts joining us in person and virtually for both the medical and nursing streams. This allows us to offer a diverse range of topics across both the malignant and non-malignant haematological spectrum as well as giving time to the important subjects of ensuring equity in healthcare and how we can better care for ourselves within the workplace.

Our guest speakers include (but are not limited to!):

- Dr Ted Warkentin – VITT like syndromes
- Dr Anastazia Keegan – Obstetric/Transfusion Haematology
- Professor Peter Borchmann – Hodgkin lymphoma
- Professor Attilo Orazi – Myeloproliferative neoplasms
- Ms Simone Sheridan – Supporting sexual change during treatment and illness
- Ms Tracy King – Myeloma

We also hope the trainees will continue to impress with their presentations for the David Heaton memorial prize and that centres will find the Edward Theakston memorial morphology session as educational and entertaining as ever! Dr Stephen Lade from Peter MacCallum Cancer Centre joins us for our morphology workshop on T/NK disorders, always a challenging topic.

Following the success of the Haemophilias Treating Group meeting in Palmerston North last year, this will also be going ahead on the Thursday along with the meeting of the LabHaem working group. This year, this will be incorporated into the Haematology Path Network meeting including our scientific colleagues.

The social program has us meeting for welcome drinks and a catch up with colleagues on Thursday at Alchemist Bar, and the conference dinner with dancing at Atrium on Friday evening which is always a highlight. Don't forget there is the opportunity to win the coveted 'happy hen' dancing award.

We hope to see you all here!

From the Te Manawa Taki organising committee

14.15 - 14.45 Self-care for nurses *Mark Norburn*

14.45 - 15.00 Farewell

MORPHOLOGY KEYNOTE

Stephen Lade

SL received his medical degree from the university of Melbourne, and completed pathology training in Melbourne at Queen Victoria, Peter MacCallum and Alfred Hospitals. He has worked as an anatomical pathologist in the department of pathology at Peter

MacCallum Cancer Centre, Melbourne, since 2002. His primary clinical and research interest is in systemic and cutaneous lymphoma. He has published in excess of 50 articles, as well as book chapters, primarily in the area of lymphoid neoplasia, and serves as an ad hoc reviewer for several international journals.

HSANZ 2024 Bone Marrow Morphology Workshop and Edward Theakston Memorial Quiz

This year's theme for the morphology workshop is the challenging world of T and NK disorders. We all know as morphologists that these can be some of our trickiest cases and we are delighted that Dr Stephen Lade from Peter MacCallum Cancer Centre, Melbourne has agreed to be our expert.

The annual 'trick your colleagues' session or to give it its full title, the Edward Theakston Memorial session, is a highlight of the branch meeting for many and remember that there is the Icarus Award for the most outrageous or incorrect answer to be won, which will brighten up the duller of microscopy rooms.

Sometimes the simple things trip us up so we look forward to your cases. Let us continue to make morphology a HSANZ highlight!

Thank you for participating as the success of these sessions does depend on the enthusiasm of the contributors.

Looking forward to great interactive sessions.

Helen Moore

On behalf of the organising committee

KEYNOTE SPEAKERS - DOCTORS

Theodore (Ted) E. Warkentin *Virtual*

Dr. Theodore (Ted) E. Warkentin, MD, BSc(Med), FRCP(C), FACP, is a clinical and laboratory hematologist and transfusion medicine director at Hamilton General Hospital, and is a Professor in the Department of Pathology and Molecular Medicine, and the Department of Medicine, at McMaster University, in Hamilton, Ontario, Canada.

Anastazia Keegan

Dr Anastazia Keegan is currently the Head of Department, Haematology at King Edward Memorial Hospital, Perth, and a Transfusion Medicine Specialist at the Australian Red Cross Lifeblood.

Peter Borchmann *Virtual*

Peter Borchmann is Assistant Medical Director in the Department of Hematology and Oncology at the University Hospital of Cologne and head of the lymphoma program including the CAR T-cell therapy phase I/II unit. He is head of the certified center for hematological malignancies of the University Hospital of Cologne.

Attilio Orazi *Virtual*

Attilio Orazi, M.D., FRCPath. is Tenured Professor of Pathology and Chair of the Department of Pathology at the Paul L. Foster School of Medicine, Texas Tech University Health Sciences Center, El Paso, Texas, USA.

KEYNOTE SPEAKERS - NURSES

Tracy King PhD, MN, RN

Myeloma Clinical Nurse Consultant, Royal Prince Alfred Hospital, NSW
Clinical Associate Professor, Research Fellow & Lecturer Cancer Nursing Research Unit, Faculty of Medicine and Health, Sydney University.

Tracy King is a Myeloma Clinical Nurse Consultant (CNC) at Royal Prince Alfred Hospital; Clinical Associate Professor, Research Fellow and Lecturer at the Cancer Nursing Research Unit, Sydney University. With over 30 years' experience in the field of Haematology / BMT, Tracy developed a specialist interest in myeloma 25yrs ago working with the International Myeloma Foundation (IMF), now Myeloma UK. Since coming to Australia Tracy has been an active member of a range of national and international professional working groups including those of the Cancer Institute NSW; steering committee member of the Myeloma and Related Disease Registry (MRDR), founding Chair of the HSANZ Myeloma Special Practice Network (M-SPN) and Past President and co-founder of the HSANZ Nurses Group. Tracy is an invited member of the IMF Nurse Leadership Board (NLB); the Myeloma UK Nurse Advisory Group and leads the nurse's program development and delivery during the International Myeloma Workshop (IMW). Tracy completed a master's in nursing leadership and was recently awarded her PhD with Sydney University. She was awarded the Outstanding Research Achievement Nursing & Midwifery Award 2019 by Sydney Local Health Network (SLHD) for her leadership and research in better understanding the experiences of those affected by myeloma taking high dose steroids and the role of patient reported outcome measures (PROM).

Simone Sheridan

Simone Sheridan (she/they) is a passionate nurse consultant, educator and social-justice advocate who thrives in roles where difficult conversations are required. Simone has a clinical background in intensive care (Peter MacCallum) and has completed postgraduate studies in critical care and clinical teaching. Over her diverse career she has been part of a family violence

project team, designed LGBTIQ+ inclusive practice resources, and provided staff support during the pandemic. In her role as Sexual Health Nurse Consultant Simone regularly facilitates education for health professionals about the importance of sexual health and supports clients experiencing sexual changes as a result of illness or injury. For many years, Simone has spoken out about the issue of sexual harassment in healthcare. In 2019 she co-authored a piece called "Not our job; A nurse's

story of sexual harassment by patients" which was published in an Australian anthology of #MeToo stories, as well as on the ABC – the national broadcaster of Australia. Simone and her work were also the subject of a 2021 book "The Care Factor" by author Ailsa Wild. Simone has recently commenced a new role at The Royal Melbourne Hospital as the first Sexual Safety Nurse Consultant.

JANSSEN BREAKFAST SPEAKER

Gordon Cook MB ChB, PhD, FRCP(Glas), FRCPath

Professor of Haematology - Leeds Institute of Medical Research, University of Leeds, Leeds Cancer Centre, Leeds Teaching Hospitals Trust. Clinical Director, Haematology - Leeds Institute of Clinical Trial Research, University of Leeds. Clinical Director, NIHR (Leeds) Medtech & IVD Cooperative - Leeds Cancer Centre, Leeds Teaching Hospitals Trust. Dean - College of Myeloma (UK). Honorary Visiting Professor - Department of Health Sciences, University of York.

I am a graduate of the University of Glasgow School of Medicine & received my higher professional training in haematology in the West of Scotland. After completion of my PhD, I was appointed as a Consultant Haematologist in the West of Scotland before moving to take up the post of Director of Stem Cell Transplantation at Leeds Teaching Hospitals in 2002. In 2013 I was appointed as Professor of Haematology, University of Leeds where I lead the myeloma clinical and translational research programme with a primary interest in tumour immunology and immunotherapy.

I was the founder & first Chair of the UK Myeloma Research Alliance, having stepped down in 2019. I am the past-chair of the UK Myeloma Forum and have established the College of Myeloma (UK) which elected its first fellows in 2019. I have represented the interests of both myeloma clinicians and patients in National Institute of Clinical care & Excellence reviews and technology appraisals and am a current committee member of the NHS England Chemotherapy CRG.

I have developed and delivered an extensive national clinical research portfolio. Currently I am Chief Investigator for NCRI Myeloma X (completed), UKMRA Myeloma XII (in recruitment), UKMRA Myeloma XIV (in recruitment), MUKeight (completed) and MUKeleven (finished). My collaboration with industry includes my position as the UK Chief investigator for 5 industry international phase III and IIIb studies.

I hold the posts of Clinical Director of National Institute of Health Research (Leeds) Medtech & In Vitro Diagnostics Cooperative and Clinical Director (Haematology), Clinical Trials Research Unit, University of Leeds.

CONFERENCE VENUE

Claudlands, Hamilton

ANNUAL BRANCH MEETING 2024

Claudelands, Hamilton
Thursday 9 – Saturday 11 May 2024

ACCOMMODATION

Bookings for Novotel Tainui or Ibis Hamilton can be made via the registration form which you will find by visiting NZHaematologymeetings.co.nz and clicking on register here.

Novotel Tainui - Superior King Room	
(Breakfast Included for one person)	\$275.00
(Breakfast included for two persons)	\$300.00

Ibis - Cityside King or Twin	
(Breakfast Included for one person)	\$230.00
(Breakfast included for two person)	\$250.00

All bookings for accommodation must be made through SP Conference Management using the Registration Form. The hotels will not accept direct bookings. Notification of any alterations or cancellations must be sent in writing to SP Conference Management and not to the hotel directly.

Payment for Accommodation

Accommodation bookings must be guaranteed with full payment at the time of registration. Payments will be forwarded to the hotel. Guests are responsible for all room, tax, incidentals and any cancellation charges.

Cancellation Policy

In accordance with the hotel cancellation policy, cancellations given with less than 30 days notice will incur a penalty of at least one night's accommodation cost.

No Shows

In the event of a no-show or cancellation to a booked room on the day of arrival, the hotel will charge the full cost of accommodation booked.

Deadline for Accommodation Bookings

Rooms will be allocated on a first-in basis, for as long as rooms are available. After March all unallocated rooms will be released back to the hotel and no guarantee can be made that rooms will be available.

Sharing Accommodation

The room must be booked in the name of one person only, please indicate on the registration form the name of the person with whom you will be sharing.

Early or Late Check-in

Standard check-in is 3pm onwards. If the room is required prior to this time please advise SP Conference Management as the hotel may charge an additional fee. Please also advise if you will be arriving at the hotel later than 6pm to ensure your room is not released.

Late Check-out

Standard check-out time is before 11am. Late check-out will be subject to an additional fee.

Please Note

Special conference accommodation rates have been negotiated for the conference. The conference organisers accept no responsibility if the hotel offers cheaper rates compared to the rates advertised. Hotels may offer "special rates" at their discretion.

GENERAL INFORMATION

SPECIAL REQUIREMENTS

Please give details on your registration form of any special diet or disability assistance required.

ABSTRACTS

Closing date for abstracts are below. All abstracts should be in Arial 12 and no more than 300 words with an underlined abstract title followed by presenter name. Abstracts can be emailed to sue@spconferences.co.nz or submitted online at www.spconferences.co.nz/hsanz-2024-abstracts.html

IMPORTANT DATES

- 16th April David Heaton Memorial registrar submission
- 19th April early bird registrations close
